Member Updates

What did you do last week? What will you do this week? Are there any impediments in your way?

Mark – Not much progress last week, working on pressure transducers right now.

Kirk – Asking Jacob: what is the orientation of the servo motor? Happy birthday!!!!

Georges – small app to send Arduino serial output to a .csv file for data processing in Excel.

Michael – still alive

Peter – Got some values from photoresistors

Arman -

Action Items/Next Steps

1. Maybe check batt voltage during testing. Op amp comparator/ differential op amp.
2. Pintle test physical set up needs to be decided.
3. Kirk - Push button open, push button shut, super easy.
- a. Wednesday the 23rd at 9:30 in the rocket room there will be a test stand physical set up work session.
- a. Sunday the 28th is Mark and Kirk's goal for getting things working, want to get the pintle test working by early Feb. Pressure transducers need serial output and retrospective .csv
